It's For Real

...Thinking back on past years we remember over-crowded lockers, typing and lab work in garages, taking Home Ec. in a make shift room in the Bakery and sitting in the circle in sub-freezing temperatures.

This year has brought about extensive changes to our campus. The arrival of lockers was another sign in the dawning of a new era at HVA. The students waited in anticipation for the lockers to be assembled.

Over the course of a weekend our locker capacity was increased over one hundred percent. Suddenly the library was no longer cluttered by the books of dorm students awaiting lockers.

The completion of the student lounge enabled friends to meet in the warmth of a building for the first time. In the past we were restricted to the "circle." Our special thanks to Mr. and Mrs. Barr for their time and effort in the completion of this project.

Students enjoying the comfort of the new lounge

For the first time we have a fully operational Home Economics department. The completion of these two adjoining rooms enables the students more working space both for art and in cooking and sewing. In the laboratory we have four kitchen units including a space saver microwave, a dishwasher, and a garbage disposal. In the art department we have more room to create and display our art work.

The cafeteria has been renovated with new tables and carpet but we are still very crowded. We are anticipating construction of a cafeteria and music department.

The new science department is a great improvement over the old laboratory in the garage of the girls dorm, which was lacking in space, equipment, and facilities.

Bleachers in the gym and on the playing fields have provided adequate seating for spectators and are appreciated.

IT'S FOR REAL...Highland View Academy has improved with new campus facilities and we are proud of our school, but we must never sit back in contentment; we should strive for excellence and continue to grow and truly become the school God wants us to be.

Dedication

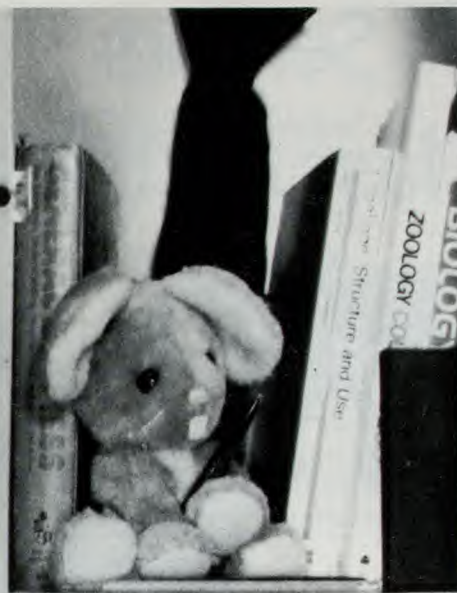

"Love is patient; love is kind; there is no limit to its faith, its hope and its endurance." 1 Corinthians 13:13

You have an art for training an unskilled voice to sing praise to God. You have spent many hours helping us get just the right pitch, learning the notes to perform a most dramatic melody, and teaching our clumsy fingers to interact on musical instruments. You have the faith it takes to know that a voice can become a thing of beauty. You are patient when we sing off-key and kindly correct our mistakes. You are always teaching us to love each other and to work together in harmony. Your hope that we will succeed in pleasing God with our talents is never ending.

Genuine love has been shown by your willingness to be the first teacher and the last teacher in the classroom each day, to personally provide music to enrich our worship services, and by dedicating your weekends so that our musical talents can be shared throughout the conference.

Your being with us the past five years has shown us true dedication and so, in turn, we lovingly dedicate the HIGHLANDER '84 to you, Mr. Robert Pound.

Principal's Message

Highland View Academy is about to complete another successful year. A year like this is only possible by the cooperation of our students, staff, community, and parents, working together in a relationship which brings success. We have the finest students to be found anywhere and it is you, the students, who deserve much of the credit.

I believe Highland View Academy has something very unique to offer the youth of the Chesapeake Conference and the surrounding area. It is my hope and the hope of our staff and conference that every youth desiring a Christian education will plan to attend Highland View Academy next year.

As we say good-bye to our seniors of '84 we wish them God's blessings and success in whatever endeavor they may undertake. We would challenge each senior to become a loyal alumnus never compromising the principles you have been taught while here on our campus. May each of you who are returning have a great summer and until we meet this fall, may God bless you.

Your friend and principal,

Harvey J. Byram

Success, some feel, is merely reaching accepted objectives. Others see success as developing the whole person to God's glory. Students at Highland View Academy proudly point to their growth in love for God and country, as well as their achievement in Math, Science, English, History and Bible. Even more important are the bonds of friendship developed during the 1983-84 school year which will become the basis of their ever-growing circle of lifelong friends.

As Christians, we value our friends for all they mean to us, just as God values us for all that we are to Him. Highland View Academy develops caring youth who, through Christian education, are equipped to lift the sights of society and lead men to the Kingdom of God. Really caring for those around us is a heaven-inspired trait which will bring happiness and success as we pass along life's way.

Elder George Woodruff
Chesapeake Conference President

You have chosen to attend a Christian school. A school that has as its fundamental purpose the development of Christian character. This character will prepare you for a productive life here on earth as well as preparation for eternal life.

May this process of perfecting your character be such as to bring true happiness and success.

Elder Robert Skeggs
Educational Superintendent
Chesapeake Conference

Hey! You're my kind of people--HVA students, and HVA is my kind of school. It's great to see your love of the Lord expressed in your concern for others. HVA has always been a family of students and staff with a lot of love for one another and the ability to reach out and touch many people. You will find later in life that your academy days have given you many good memories to cherish all your life. Best of all--your life should never be the same again because of what you found at HVA. Thank the Lord each day for a new beginning and rejoice in His friendship. Always--"Make Christ first, last and best"* in all you do. *MYP p. 38

Sabbath Afternoon Activities

Student involvement. That's what activities entail. Programs such as Adopt-a-Grandparent and Sunshine Bands allow the student to interact with the elderly and build friendships with the older generation. There are also thought-filled discussions and inspiring films. Singspirations and prayer bands bring students closer to God and each other. Organ and piano recitals allow students to develop an appreciation for music that lifts their hearts to heaven.

The students can also enjoy the creation of God's Second Book through hikes to near-by parks. The Seminar program gives students the opportunity to participate in giving a church service at the other churches in the Union. This program is totally dependant on student involvement. The activities, in general, prepare the students for church service and the adult life.

Leadership

On September 22, 1983, all students who hold a major office loaded up the Dutchie bus for a weekend at Camp Mohaven in Ohio. Arriving late Thursday afternoon, the group was both tired and excited.

The weekend included talks by Mark Walker, Steve French, Dr. Tim McDonald, Jack Nail, Bryce Pascoe, Dennis Nutter, Danny Davis, and Mike Dunn. Activities included singspirations, nature hikes, films, and lots of fun.

A lot of new friends were made, and old friendships renewed. Time seemed to fly by. The weekend was both beneficial and enjoyable.

Finally with all the papers filled out, a new schedule, new activities to look forward to, and a new chapel seat... You hurry to your new room to get settled and meet your dean. Barn Party

"TRAVELER'S CROSSROADS"

Bob Carr's barn came alive as 134 kids bounded out of the buses for the barn party on October 29, 1983. There was lots of excited chatter as we separated into 3 groups to go on to different activities. As group one listened to the "Traveler's Crossroads" sing old time country songs, group two went on a hay ride that lasted thirty minutes and group three went through the hay maze and had a chance to listen to the music again. There were refreshments served to each group consisting of doughnuts, a bag of candy, and hot chocolate. Finally after all three

Sheila Cooper, Allen Wedman, and Gail Mackey

activities ended we all came together to see a movie entitled "The Apple Dumpling Gang." It was so cold in the barn that as we sat still long enough to watch the movie, we were afraid rigormortis would set in.

There was constant talk on the bus as we rode back about all the things we had done. As we said good-night we gave thought to all the hay we would have to clean out of clothes before we went to bed.

Girls' Club Open House

Boys' Club Banquet

The Captain's Table

The Love Boat made another run on November 20, 1983. The Girls' Open House/Boys' Club Reception made head lines when the first banquet of the year came around. Our captain for this cruise was Johnny Jenkins. Other officers included Scott Green, Bobby Forquer, Ken Green, Brent Barney, Ken Horney, and Mrs. Gatz as cruise director.

The weather was beautiful all day Sunday until 5:00 p.m. when the guys came to pick up the girls. Just as the first fellows arrived, so did the rain. The guys took us to the Audio-Visual Room where we had refreshments. We then went back to the "Pacific Princess" where our tour guide took us through the Girls Dorm. We returned to the Coral dining room and had a delicious dinner.

byes to a wonderful evening.

Christmas Party

"HO HO HO, MERRY CHRISTMAS!", said Joelle Kelly as she came to pass out Christmas presents to all the little boys and girls at Highland View Academy.

The Student Association Officers led out in singing Christmas carols. Cartoons were shown. Melodie Parks and Lisa Hollinger sang "We Wish You a Merry Christmas."

A delicious dinner was served and after going back to the dorms we fell asleep as visions of sugar plums danced through our heads.

Entertainment was provided with Jenny Snider singing "Memories", Melodie Parks singing "Longer", Robin Parrish and Lisa Hollinger singing "I've Grown Accustomed to His Face", and Sandy Cowdrick playing "Minuet" on her flute.

The lights were turned down and candles blown out as we prepared to watch "The Man From Snowy River."

Sophomore Class Talent Show

Jenny Snider singing "Evergreen"

The curtain opens and unleashes the talent of the Class of 1986, on February 25, 1984.

This was the first talent show put on by one class only, and it went very well.

We listened to the voices of Jenniffer Snider, Pastor Roehl, Greg Burnett, Jeff Johnson, Lisa Gayton, Sheri Green, and the Sophomore Trio.

Then came the pleasing sounds brought to the ear by instrumentalists- Minnie Martinez, Melody Hickman, Sue Farkash, and Annette Mayes...

And mixed between those were bouts of laughter caused by Cheryl Morgan, Brian Lovins & Sheri Green, Andrea Steinmuss & Rhett Eklund, Tammy Grove & Paula Young, and Greg Burnett.

A cake auction was conducted by Pastor Roehl with lots of encouragement from Curtis Wheeler, and lots of help from the parents in the audience. Andrea Steinmuss and Rhett Eklund

Sheri Green and Lisa Gayton looking for the "Rainbow Connection"

Tammy Grove and Paula Young in "Whose on First..."

Lots of good food was sold, and the fun abounded!

All of this was directed by the talents of Mrs. Grove, who worked hard for the excellence of the program.

It brought parents, relatives, and friends just a little bit closer in touch with H.V.A.

Smiles, laughter and enthusiasm will linger on in the minds of the Sophomore Class for years to come...

And as the curtain closed we left with a nice feeling and a possible new tradition, nicely started.

The Girls' Club has done many exciting activities. At the beginning of the year we had a huge ice cream feed. We met new friends and reminisced with old ones.

Everyone had fun on each of our mall trips, although most of us returned penniless, but in good spirits.

Early in the fall we went on a "self improvement" campout. Our guest speaker for the weekend was Mrs. Jackie Richardson. She had discussions with us every day. We all really enjoyed her talks. We had a great time and learned a lot about ourselves and our friends.

Minnie Martinez the dorm "Clown"

Stan Midgley, a naturalist, came and presented "Chucklelogue in the Pacific Northwest" and a spaghetti dinner was served. With the money, we redecorated the lobby and added things all through out the dorm.

On Halloween we all dressed up in creative costumes and had a parade. We went trick-or-treating to each others rooms and went to the lobby for a party.

"Herbie Rides Again" was the main attraction at the girls' club benefit in October. Refreshments were sold and the profits went to decotate the dorm for the open house.

Christmas is always a festive time and girls' club celebrated with a christmas party. We finally found out who our secret sis's for first semester were. Most of the girls were surprised to find who had their name. Later that evening we went to the boys' dorm and serenaded them with christmas carols. One couldn't Help but feel the christmas spirit.

Studying... Lisa Petruzza

"Attention all girls! Attention all girls! Study hall will be in five minutes. Study hall will be in five minutes." Each week night everybody is invited to attend study hall. "Jackie! Sheila! Heidi! Get to your stations." "May I please go to the rest-room?" "May I get a drink at the water fountain?" "Oh no! I forgot to get my assignments from Sue." All right everybody get to your rooms. Study hall!

Girls dorm life is not all study. Sundays are a special feature. Most have a chance to relax and have fun with friends making memories to last a lifetime... Talking, laughing, running through the dorm, doing laundry, sleeping in and walking to the Academy Store. Girls dorm life is all this and much more!

Life in the boys dorm certainly isn't dull except every night something different happens. I've seen everything from soccer to major water battles go on in the halls. If you want to eat, you better keep a clean room. Because everyday they have room grade, and if you get an F, you have to clean your room and get a pass--but there

always is those couple of fellows who don't. One thing that really makes your day is when the monitor comes in your room at 6:30 AM and tells you Mr. Jackson just called and said you have to work Dutchie. When you hear this, you just kind of moan and roll over in bed.

If you want a hot shower in the morning, you better get up before 6:30 or if you are late you might as well stay in bed, because the water is freezing.

The best thing about living in the dorm is that you get to be with all your friends! by Steve Tracey

Dear David,

Your accomplishments
at HVA have made us
very proud!

As this chapter closes
on your life, remember
the pages yet to be written...
only you and the Lord will have a
true accounting of what you have done.

It is certain you cannot know when
that final chapter is finished...

So think wisely of what you write
and try to make it worthwhile as you
go.

We love you,

Daddy & Louise

Editor's Message

IT'S FOR REAL...the yearbook has been completed. All of our memories are layed out for you to share with us. The volume has closed on this school year and will remain closed until a new chapter begins next fall.

I hope this journey through time will be as memorable to you as it was for those of us who experienced the creation of this book.

I wish to express my special thanks to the following:

All the faculty who let us off work and classes for the attainment of this goal.

Mrs. Lindow and Mrs. Gatz for the use of their office.

Mrs. Swayze for all the headaches we caused her.

Bobby Forquer for putting much time and effort into the processing of last minute pictures.

Bruce Gipe for his time and car.

The Highlander '84 Staff for all their time and efforts in completing this book.

Without the help and co-operation of these people The Highlander '84 would never have been completed.

IT'S FOR REAL...in our four years we have seen lots of growth and changes in ourselves and the school. Though we leave to begin a new phase in our lives, a part of us will always remain at H.V.A.

With God's blessings I present to you THE HIGHLANDER '84.

Your friend in Christ,

Deborah Forquer

SINGLE FILE AND YET TOGETHER,
WE HAVE SHARED OUR GREATEST DAYS.
AND WE CARRY COMMON MEMORIES
IN DIFFERENT WAYS.
THOUGH WE DON'T KNOW WHERE WE'RE GOING,
WE WILL CHERISH WHERE WE'VE BEEN.

I WANT TO CRY.
I WANT TO SHOUT...
WANT TO LET THIS FEELING OUT.

HOLD ON TO THE MOMENT.
LET THE FEELINGS SHOW.
HOLD ON TO THE MOMENT.
NEVER LET IT GO.

I CAN PICTURE US TOGETHER
WITH MY ARMS AROUND MY FRIENDS.
JUST LET ME HOLD ON TO THIS MOMENT,
BEFORE IT ENDS.
THERE WAS LAUGHTER. THERE WERE TEARS,
THROUGH THE DOZEN GOLDEN YEARS.

The library is empty,
the halls are bare, and so,
we say good-bye to one and
all. The hours spent with
the people here and now,
are over as we advance to
a new phase of our lives.
We will always remember
the memories made in these
rooms. We will cherish
them one and all.
